Learning for Life

Jonathan Smith, Headteacher

1<sup>st</sup> May 2018

Each class now has a Twitter page which you can follow. This has been specially created for each class and will provide real time posts and photographs so that you can stay up to date and follow your children on their educational adventures!

The pages are completely private and can only be viewed by those who have been pre- approved by us. We encourage positive feedback 'tweets' but please do not ask questions as we will not be able to answer on that format.

It's free to join Twitter but you must register for an account. We recommend that you do this as soon as possible.

To ensure that we keep the group closed can you please email us confirming...Your twitter 'handle', your child's name and class. **We will not accept you into the group until you have done this.**

Enjoy the experience! **The handle for each class is:**
