Learning for Life

Jonathan Smith, Headteacher

26th November 2018

Dear Parents and Carers,

As you know, the children in year 3 have enjoyed learning about Prehistoric Britain this term. From the Stone Age to the Iron Age, we studied the impact of major discoveries, which dramatically improved the quality of life of early humans. The children have really impressed us with their enthusiasm for the topic and we would like to end the term with a whole day to celebrate "Stones to Bones"

On Wednesday 12th December, please send your children wearing the costume, which was planned for the school trip to Celtic Harmony earlier this term (please do not buy anything new). The morning will be filled with craft activities related to the Iron Age and in the afternoon, we will be watching Early Man, a British stop-motion animation released earlier this year. This is a **PG** film so please could you let us know whether you agree for your child to watch the film, by filling in the slip below and return it to the office.

Many thanks for your continuous support.

Kind regards,

Mr Restall and Miss Lacroix

Year 3 – "Early Man" Film

I agree/disagree for my child _____ Class _____ to watch "Early Man" PG film as part of their Fantastic Finish.

Signature: _____ Date: _____
