

The Year 4 Spring Term topic is...

During the topic we will be covering the following objectives and more.

Things you can do at home to extend your learning.

- Join and visit the library to read and borrow non-fiction books about the objectives we are covering.
- Research questions you may have through the internet and books.
- Be as creative as possible linking our topic with your Homework Bingo tasks.
- Discuss your ideas and in school learning with your parents at home.
- Visit free local museums and art galleries such as Stockwood Park and Tring museum.
- We love seeing what you produce at home so don't forget to bring it in to show us!

Continue to develop your learning using our online tools such as:

- Oxford Owl (reading)
- Times Table Rock Stars
- Education City
- My Maths
- BBC Schools

Wonderland

To design products that are functional and designed for a purpose. To join fabrics using hand stitching To test and evaluate my product.

To use measures in real life cooking purposes and explore a range of packaging designs and nets, and create nets for packaging.

Appreciate and understand a wide range of high quality live and recorded music drawn from different traditions and great composers and musicians.

To create symbols to represent different sounds and instruments in my own composition.

To develop my understanding of how my local area has changed over time.

To understand how debating works, what the rules are and take part in a debate by justifying answers, arguments and opinions.

To identify the different types of teeth and their simple functions in humans.

To describe the simple functions of the digestive system in humans.

To begin to understand electrical circuit symbols. To 'read' these symbols to make and test different electrical circuits.

To discuss and describe well known artists' work and explain how their work is similar/different.

To make a simple electrical circuit in his/her product that produces light or sound.

To use classification keys to group and identify members from a small group of living things.
